# THE STÄRKE-AMG

YOUR PARTNER IN FULL-SERVICE ADVANCED MANUFACTURING

Stärke-AMG is a group of synergistic, vertically integrated, advanced manufacturing companies.

We are assisting companies in all different industries to unlock mass production of complex, high performance, robust and reliable components.

McMahon Metal Fabricators is part of the six company STÄRKE-AMG. All companies in the STÄRKE-AMG strive to be leaders in the areas that they specialise in, and McMahon is no different. By coupling high quality staff with excellent capital equipment / technology, we seek to emulate the very high standards of quality and technical competence.

Access individually or for larger, complex projects harness the power of the group...

Stärke-AMG companies:

## VPG INNOVATION

Industrial and Product Design, Prototyping including 3D Metal and Plastic, Development and Commercialisation of innovative products, Support to clients via identifying engineering and component supply solutions.
